Dear dear M^r Borge

I received your lovely letter
and not only am I grateful that
you wrote me, but most of all
I am happy about what you
said about Dr. Schwitzer for I
too had been invited by him to go
but I could not because of some
reason or another, when he died.
I didn't for it was he I wanted to
be near when my soul was sick
it was not to go to see Africa

I knew I could always go to
Africa - so when you speak about
the word I sent I am profoundly
touched

thank you Mr Borge for coming
to see me but I thank you more for
writing me - I am truthfully going to
keep this letter among those that I
have from people ^{who} are certainly
humanis. therefore understand
other's - -

again thank you -
you Joseline.
